**Re: Adjustment to District Counsel Fee Structure
Landmark at Doral Community Development District
Our File: 589.04061**

Dear Craig:

This firm's current fee structure has been in place since 2015. Although we are certainly mindful of the necessity to keep increases in the District's expenses, including the cost of legal services, to a minimum, it has become necessary for us to adjust our hourly rates effective April 1, 2023, as follows:

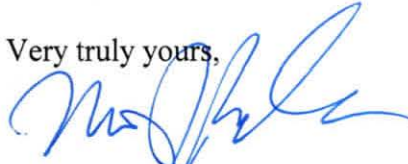

- Attorneys/Partners: \$300.00 per hour
- Attorneys/Associates: \$225.00 per hour

This hourly fee structure will be adjusted on a periodic basis in connection with the District's budget process no later than every third Fiscal Year to reflect changes in the Consumer Price Index published by the U. S. Department of Labor. The CPI has reflected a 36.6% increase since the year 2015 and we have not raised our fees during that time.

Mr. Daniel Rom
January 31, 2023

Naturally, should you feel you have any questions or require any further information in support of this adjustment you should feel free to contact me at your convenience. As I think you are aware, we very much appreciate the opportunity to serve as District Counsel as well as your courtesy and cooperation with regard to the necessity of what we believe to be both infrequent and reasonable adjustments to our schedule of professional fees.

Very truly yours,

Michael J. Pawelczyk

The customer is responsible for notifying SOLitude in advance of the contract signing and the start of the contract if they utilize any of the water in their lakes or ponds for irrigation purposes. Although there is rarely direct fish toxicity with the products used for treatment when applied at the labeled rate, or the installation and normal operation of the equipment we install, there is a risk under certain circumstances of significant dissolved oxygen drops. This risk is most severe in times of extremely hot weather and warm water temperatures, as these are the conditions during which dissolved oxygen levels are naturally at their lowest levels. Oftentimes lakes and ponds will experience natural fish kills under these conditions even if no work is performed. Every effort, to include the method and timing of application, the choice of products and equipment used, and the skill and training of the staff, is made to avoid such problems. However, the customer understands and accepts that there is always a slight risk of the occurrence of adverse conditions outside the control of SOLitude that will result in the death of some fish and other aquatic life. The customer also understands and accepts that similar risks would remain even if no work was performed. The customer agrees to hold SOLitude harmless for any issues with fish or other aquatic life which occur as described above, or are otherwise outside the direct control of the SOLitude, unless there is willful negligence on the part of SOLitude.

While SOLitude Lake Management LLC makes every effort to thoroughly inspect the site before providing this contract proposal or beginning any work, it is possible, without fault or negligence, that unforeseen circumstances may arise, or that hidden conditions on the site might be found in the course of the performance of the contract work, which would result in additional time or material costs that exceed this contract pricing. Should this occur, the customer will be notified of these unforeseen circumstances or conditions and be responsible for the costs associated with remedying. By signing this agreement, the customer acknowledges that they have informed SOLitude Lake Management® of all known and relevant current site conditions that would be reasonable to expect could affect our ability to successfully complete the contract work.

5. INSURANCE AND LIMITATION OF LIABILITY. Solitude will maintain general liability and property damage insurance as necessary given the scope and nature of the Services. The Company will be responsible for those damages, claims, causes of action, injuries or legal costs to the extent of its own direct negligence or misconduct, and then only to an amount not to exceed the annual value of this Agreement. In no event will any party to this Agreement be liable to the other for incidental, consequential or purely economic damages.

6. FORCE MAJEURE. The Company shall not be liable for any delay in performing the Services, nor liable for any failure to provide the Services, due to any cause beyond its reasonable control.

7. ANTI-CORRUPTION AND BRIBERY. Each party represents that neither it nor anyone acting on its behalf has offered, given, requested or accepted any undue financial or other advantage of any kind in entering into this Agreement, and that it will comply with all applicable laws and regulations pertaining to corruption, competition and bribery in carrying out the terms and conditions of this Agreement.

8. GOVERNING LAW. This Agreement shall be governed and construed in accordance with the laws of the state in which the Services are performed.

9. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between the parties with respect to the subject matter and replaces any prior agreements or understandings, whether in writing or otherwise. This Agreement may not be modified or amended except by written agreement executed by both parties. In the event that any provision of this Agreement is determined to be void, invalid, or

PROFILE OF THE PROPOSER

Description and History of Audit Firm

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL is a Treasure Coast public accounting firm, which qualifies as a small business firm, as established by the Small Business Administration (13 CFR 121.38), with offices in Fort Pierce and Stuart. We are a member of the Florida Institute of Certified Public Accountants and the American Institute of Certified Public Accountants. The firm was formed from the merger of Edwards, Berger, Harris & Company (originated in 1972) and McAlpin, Curtis & Associates (originated in 1949). J. W. Gaines and Associates (originated in 1979) merged with the firm in 2004. Our tremendous growth rate experienced over the last 69 years is directly attributable to the firm's unrelenting dedication to providing the highest quality, responsive professional services attainable to its clients.

We are a member of the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA) to assure we meet the highest standards. Membership in this practice section requires that our firm meet more stringent standards than standard AICPA membership. These rigorous requirements include the requirement of a triennial peer review of our firm's auditing and accounting practice and annual Continuing Professional Education (CPE) for all accounting staff (whether CPA or non-CPA). For standard AICPA membership, only a quality review is required and only CPAs must meet CPE requirements.

We are also a member of the Government Audit Quality Center ("the Center") of the American Institute of Certified Public Accountants to assure the quality of our government audits. Membership in the Center, which is voluntary, requires our firm to comply with additional standards to promote the quality of government audits.

We have been extensively involved in serving local government entities with professional accounting, auditing and consulting services throughout the entire 69 year history of our firm. Our substantial experience over the years makes us uniquely qualified to provide accounting, auditing, and consulting services to these clients. We are a recognized leader in providing services to governmental and nonprofit agencies on the Treasure Coast and in Central and South Florida, with extensive experience in auditing community development districts and water control districts. We were the independent auditors of the City of Fort Pierce for over 37 years and currently, we are the independent auditors for St. Lucie County since 2002, and for 34 of the 38 years that the county has been audited by CPA firms. Additionally, we have performed audits of the City of Stuart, the City of Vero Beach, Indian River County and Martin County. We also presently audit over 75 Community Development Districts throughout Florida.

Our firm was founded on the belief that we are better able to respond to our clients needs through education, experience, independence, quality control, and personal service. Our firm's commitment to quality is reflected in our endeavor of professional excellence via continuing education, the use of the latest computer technology, professional membership in PCPS and peer review.

We believe our approach to audit engagements, intelligence and innovation teamed with sound professional judgment enables us to explore new concepts while remaining sensitive to the fundamental need for practical solutions. We take pride in giving you the assurance that the personal assistance you receive comes from years of advanced training, technical experience and financial acumen.

The work will be performed out of our Fort Pierce office with a proposed staff of one senior accountant and one or two staff accountants supervised by an audit manager and audit partner. With the exception of the directors of the firm's offices, the professional staff is not specifically assigned to any of our individual offices. The professional and administrative staff resources available to you through Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL are as follows:

	<u>Total</u>
Partners/Directors (CPA's)	5
Principals (CPA)	1
Managers (CPA)	1
Senior/Supervisor Accountants (2 CPA's)	3
Staff Accountants (1 CPA)	7
Computer Specialist	1
Paraprofessional	6
Administrative	<u>4</u>
Total – all personnel	28

Following is a brief description of each employee classification:

Staff Accountant – Staff accountants work directly under the constant supervision of the auditor-in-charge and, are responsible for the various testing of documents, account analysis and any other duties as his/her supervisor believes appropriate. Minimum qualification for a staff accountant is graduation from an accredited university or college with a degree in accounting or equivalent.

Senior Accountant – A senior accountant must possess all the qualifications of the staff accountant, in addition to being able to draft the necessary reports and financial statements, and supervise other staff accountants when necessary.

Managers – A manager must possess the qualifications of the senior accountant, plus be able to work without extensive supervision from the auditor-in-charge. The manager should be able to draft audit reports from start to finish and to supervise the audit team, if necessary.

Principal – A principal is a partner/director in training. He has been a manager for several years and possesses the technical skills to act as the auditor-in-charge. A principal has no financial interest in the firm.

Partner/Director – The director has extensive governmental auditing experience and acts as the auditor-in-charge. Directors have a financial interest in the firm.

Professional Staff Resources (Continued)

Independence – Independence of the public accounting firm, with respect to the audit client, is the foundation from which the public gains its trust in the opinion issued by the public accounting firm at the end of the audit process. This independence must be in appearance as well as in fact. The public must perceive that the accounting firm is independent of the audit entity to ensure that nothing would compromise the opinion issued by the public accounting firm. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is independent of Landmark at Doral Community Development District, including its elected officials and related parties, at the date of this proposal, as defined by the following rules, regulations, and standards:

AuSection 220 – Statements on Auditing Standards issued by the American Institute of Certified Public Accountants;

ET Sections 101 and 102 – Code of Professional Conduct of the American Institute of Certified Public Accountants;

Chapter 21A-1, Florida Administrative Code;

Section 473.315, Florida Statutes; and,

Government Auditing Standards, issued by the Comptroller General of the United States.

On an annual basis, all members of the firm are required to confirm, in writing, that they have no personal or financial relationships or holding that would impair their independence with regard to the firm's clients.

Independence is a hallmark of our profession. We encourage our staff to use professional judgment in situations where our independence could be impaired or the perception of a conflict of interest might exist. In the governmental sector, public perception is as important as professional standards. Therefore, the utmost care must be exercised by independent auditors in the performance of their duties.

Ability to Furnish the Required Services

As previously noted in the Profile of the Proposer section of this document, our firm has been in existence for over 69 years. We have provided audit services to some clients for over 30 years continually. Our firm is insured against physical loss through commercial insurance and we also carry liability insurance. The majority of our audit documentation is stored electronically, both on our office network and on each employee laptop or computer assigned to each specific job. Our office computer network is backed up on tape, so in the event of a total equipment loss, we can restore all data as soon as replacement equipment is acquired. In addition, our field laptop computers carry the same data and can be used in the event of emergency with virtually no delay in completing the required services.

ADDITIONAL SERVICES PROVIDED

Arbitrage Rebate Services

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL also provides arbitrage rebate compliance and related services to governmental issuers. The Tax Reform Act of 1986 requires issuers of most tax-exempt obligations to pay (i.e., “rebate”) to the United States government any arbitrage profits. Arbitrage profits are earnings on the investment of bond proceeds and certain other monies in excess of what would have been earned had such monies been invested at a yield equal to the yield on the bonds.

Federal tax law requires that interim rebate calculations and payments are due at the end of every fifth bond year. Final payment is required upon redemption of the bonds. More frequent calculations may be deemed advisable by an issuer’s auditor, trustee or bond counsel or to assure that accurate and current records are available. These more frequent requirements are usually contained in the Arbitrage or Rebate Certificate with respect to the bonds.

Our firm performs a comprehensive rebate analysis and includes the following:

- Verifying that the issue is subject to rebate;
- Calculating the bond yield;
- Identifying, and separately accounting for, all “Gross Proceeds” (as that term is defined in the Code) of the bond issue, including those requiring analysis due to “transferred proceeds” and/or “commingled funds” circumstances;
- Determining what general and/or elective options are available to Gross proceeds of the issue;
- Calculating the issue’s excess investment earning (rebate liability), if any;
- Delivering appropriate documentation to support all calculations;
- Providing an executive summary identifying the methodology employed, major assumptions, conclusions, and any other recommendations for changes in recordkeeping and investment policies;
- Assisting as necessary in the event of an Internal Revenue Service inquiry; and,
- Consulting with issue staff, as necessary, regarding arbitrage related matters.

GOVERNMENTAL AUDITING EXPERIENCE

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL has been practicing public accounting in Florida for 69 years. Our success over the years has been the result of a strong commitment to providing personalized quality service to our clients.

The current members of our firm have performed audits of over 900 community development districts, and over 1,800 audits of municipalities, counties and other governmental entities such as the City of Fort Pierce and St. Lucie County.

Our firm provides a variety of accounting, auditing, tax litigation support, and consulting services. Some of the professional accounting, auditing and management consulting services that are provided by our firm are listed below:

- Performance of annual financial and compliance audits, including Single Audits of state and federal financial assistance programs, under the provisions of the Single Audit Act, Subpart F of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), with minimal disruptions to your operations;
- Performance of special compliance audits to ascertain compliance with the applicable local, state and federal laws and regulations;
- Issuance of comfort letters and consent letters in conjunction with the issuance of tax-exempt debt obligations, including compiling financial data and interim period financial statement reviews;
- Calculation of estimated and actual federal arbitrage rebates;
- Assistance in compiling historical financial data for first-time and supplemental submissions for GFOA Certificate of Achievement for Excellence in Financial Reporting;
- Preparation of indirect cost allocation systems in accordance with Federal and State regulatory requirements;
- Providing human resource and employee benefit consulting;
- Performance of automation feasibility studies and disaster recovery plans;
- Performance feasibility studies concerning major fixed asset acquisitions and utility plant expansion plans (including electric, water, pollution control, and sanitation utilities); and
- Assistance in litigation, including testimony in civil and criminal court.
- Assist clients who utilize QuickBooks software with their software needs. Our Certified QuickBooks Advisor has undergone extensive training through QuickBooks and has passed several exams to attain this Certification.

Continuing Professional Education

All members of the governmental audit staff of our firm, and audit team members assigned to this engagement, are in compliance with the Continuing Professional Education (CPE) requirements set forth in Government Auditing Standards issued by the Comptroller General of the United States. In addition, our firm is in compliance with the applicable provisions of the Florida Statutes that require CPA's to have met certain CPE requirements prior to proposing on governmental audit engagements.

GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

The audit team has extensive experience in performing governmental audits and is exposed to intensive and continuing concentration on these types of audits. Due to the total number of governmental audits our team performs, each member of our governmental staff must understand and be able to perform several types of governmental audits. It is our objective to provide each professional employee fifty hours or more of comprehensive continuing professional education each year. This is accomplished through attending seminars throughout Florida and is reinforced through in-house training.

Our firm has made a steadfast commitment to professional education. Our active attendance and participation in continuing professional education is a major part of our objective to obtain the most recent knowledge on issues which are of importance to our clients. We are growing on the reputation for work that our firm is providing today.

Quality Control Program

Quality control requires continuing commitment to professional excellence. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is formally dedicated to that commitment.

To ensure maintaining the standards of working excellence required by our firm, we joined the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA). To be a participating member firm of this practice section, a firm must obtain an independent Peer Review of its quality control policies and procedures to ascertain the firm's compliance with existing auditing standards on the applicable engagements.

The scope of the Peer Review is comprehensive in that it specifically reviews the following quality control policies and procedures of the participating firm:

- Professional, economic, and administrative independence;
- Assignment of professional personnel to engagements;
- Consultation on technical matters;
- Supervision of engagement personnel;
- Hiring and employment of personnel;
- Professional development;
- Advancement;
- Acceptance and continuation of clients; and,
- Inspection and review system.

We believe that our commitment to the program is rewarding not only to our firm, but primarily to our clients.

The external independent Peer Review of the elements of our quality control policies and procedures performed by an independent certified public accountant, approved by the PCPS of the AICPA, provides you with the assurance that we continue to conform to standards of the profession in the conduct of our accounting and auditing practice.

GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

Our firm is also a member of Governmental Audit Quality Center (GAQC), a voluntary membership center for CPA firms that perform governmental audits. This center promotes the quality of governmental audits.

Our firm has completed successive Peer Reviews. These reviews included a representative sample of our firm's local governmental auditing engagements. As a result of these reviews, our firm obtained an unqualified opinion on our quality control program and work procedures. On page 31 is a copy of our most recent Peer Review report. It should be noted that we received a pass rating.

Our firm has never had any disciplinary actions by state regulatory bodies or professional organizations.

As our firm performs approximately one hundred audits each year that are reviewed by federal, state or local entities, we are constantly dealing with questions from these entities about our audits. We are pleased to say that any questions that have been raised were minor issues and were easily resolved without re-issuing any reports.

Certificate of Achievement for Excellence in Financial Reporting (CAFR)

We are proud and honored to have been involved with the City of Fort Pierce and the Fort Pierce Utilities Authority when they received their first Certificates of Achievement for Excellence in Financial Reporting for the fiscal years ended September 30, 1988 and 1994, respectively. We were also instrumental in the City of Stuart receiving the award, in our first year of performing their audit, for the year ended September 30, 1999.

We also assisted St. Lucie County, Florida for the year ended September 30, 2003, in preparing their first Comprehensive Annual Financial Report, and St. Lucie County has received their Certificate of Achievement for Excellence in Financial Reporting every year since.

As continued commitment to insuring that we are providing the highest level of experience, we have had at least one employee of our firm serve on the GFOA – Special Review Committee since the mid-1980s. This committee is made up of selective Certified Public Accountants throughout the United States who have demonstrated their high level of knowledge and expertise in governmental accounting. Each committee member attends a special review meeting at the Annual GFOA Conference. At this meeting, the committee reports on the Certificate of Achievement Program's most recent results, future goals, and common reporting deficiencies.

We feel that our previous experience in assisting the City of Fort Pierce, the Fort Pierce Utilities Authority and St. Lucie County obtain their first CAFRs, and the City of Stuart in continuing to receive a CAFR and our firm's continued involvement with the GFOA, and the CAFR review committee make us a valued asset for any client in the field of governmental financial reporting.

FEE SCHEDULE

We propose the fee for our audit services described below to be \$5,950 for the year ended September 30, 2022. Our fee for the year ended September 30, 2022 with bond issuances will be \$7,000. The fee is contingent upon the financial records and accounting systems of Landmark at Doral Community Development District being "audit ready" and the financial activity for the District is not materially increased. If we discover that additional preparation work or subsidiary schedules are needed, we will consult with your authorized representative. We can assist with this additional work at our standard rates should you desire.

SCOPE OF WORK TO BE PERFORMED

If selected as the District's auditors, we will perform a financial and compliance audit in accordance with Section 11.45, Florida Statutes, in order to express an opinion on an annual basis on the financial statements of Landmark at Doral Community Development District as of September 30, 2022. The audits will be performed to the extent necessary to express an opinion on the fairness in all material respects with which the financial statements present the financial position, results of operations and changes in financial position in conformity with generally accepted accounting principles and to determine whether, for selected transactions, operations are properly conducted in accordance with legal and regulatory requirements. Reportable conditions that are also material weaknesses shall be identified as such in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Other (non-reportable) conditions discovered during the course of the audit will be reported in a separate letter to management, which will be referred to in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters.

Our audit will be performed in accordance with standards for financial and compliance audits contained in *Government Auditing Standards*, as well as in compliance with rules and regulations of audits of special districts as set forth by the State Auditor General in Chapter 10.550, Local Governmental Entity Audits, and other relevant federal, state and county orders, statutes, ordinances, charter, resolutions, bond covenants, Administrative Code and procedures, or rules and regulations which may pertain to the work required in the engagement.

The primary purpose of our audit will be to express an opinion on the financial statements discussed above. It should be noted that such audits are subject to the inherent risk that errors or irregularities may not be detected. However, if conditions are discovered which lead to the belief that material errors, defalcations or other irregularities may exist or if other circumstances are encountered that require extended services, we will promptly notify the appropriate individual.

AUDIT METHODOLOGY

Our audit, tax, consulting, and client accounting services documentation is maintained electronically. Compliance with our methodology is regularly reviewed and evaluated as part of our internal quality program, which is further discussed in this section under **INTERNAL QUALITY CONTROL REVIEWS AND EXTERNAL REVIEWS**. Comprehensive policies and procedures governing all of our practices and addressing professional and regulatory standards and implementation issues are constantly updated for new professional developments and emerging issues. See the table of contents to identify the relevant audit approach and methodology detailed description section.

ENGAGEMENT QUALITY REVIEW PARTNER (CONCURRING PARTNER)

Audit engagements are assigned engagement quality review (EQR) partner, as appropriate. This role is one of the most important elements of our quality assurance process, as it provides for a timely, independent review of key accounting and auditing issues. The EQR partner also reviews the financial statements and related supporting documentation—including the disclosures—to evaluate their fair presentation under accounting principles generally accepted in the United States of America (GAAP).

INTERNAL QUALITY CONTROL REVIEWS AND EXTERNAL REVIEWS

Experienced partners and professional staff of our firm conduct quality control reviews of our audits. Our partners' work is reviewed annually, and the inspection process includes periodic testing of the effectiveness of our quality controls and a continuous improvement program. This risk-based annual inspection is intended to mimic the triennial peer review described in the following paragraph and are performed on completed engagements. In addition to this inspection, we perform in-process, "pre-issuance" reviews of partners' work that are chosen for using a risk-based selection process; these reviews are performed by our corporate quality control team. The combination of the in-process and completed engagements is part of our continuous improvement processes.

Peer reviews are performed every three years by another independent public accounting firm. The most recent review of our firm was performed in 2019 by Brown Edwards, whose report was the most favorable possible "Pass".

In addition, we are registered with the PCAOB and our 2018 PCAOB inspection report was also the most favorable possible—no audit deficiencies or quality control defects identified. The 2018 PCAOB report can be viewed at: <https://pcaobus.org/Inspections/Reports/Documents/104-2019-029-Carr-Riggs-Ingram-LLC.pdf>.

CRI AUDIT FRAMEWORK

Our proposed services require a coordinated effort between us and Landmark at Doral Community Development District's team. Planning and continual communication are essential to developing the appropriate procedures, working collaboratively to resolve any identified issues, and meeting your timelines.

CRI's audit approach occurs within a framework of our client's business and industry; therefore, we assess risk by:

- Understanding management's perspectives and goals, and
- Considering business conditions and threats that could prevent management from achieving its business objectives.

We assess risks in the following areas:

CRI AUDIT FRAMEWORK

Our ultimate intent is to drill down from these broad risks to specific financial reporting risks. We understand both these risks and management’s processes and procedures for mitigating them (i.e. internal controls) in order to develop our procedures to carry out our audit responsibilities.

Although our audits are conducted through a structured, risk-based model, we focus on understanding the client’s needs, requirements, and expectations. We work collaboratively with management and the Audit Committee (or similar function) to develop a communication and work plan to continuously improve client service, by doing so we help in moving your team from simple compliance to providing you with a competitive advantage.

In planning, we concentrate on “key risks,” (items with a greater risk of a material misstatement, a material weakness in internal controls, or other matters resulting in the issuance of an inappropriate audit report). We focus on “material” items (i.e. those items that would be important to the user of your financial statements). When evaluating materiality of identified misstatements, certain quantitative and qualitative factors must be considered—which may include:

- Impact on operating trends (revenue/income, expenses, net income, etc).
- Nature of the misstatement (i.e., did the misstatement result from an unlawful transaction?).
- Impact on liquidity, capital/surplus, earnings capacity, etc.
- Impact to loan covenants and contractual and regulatory requirements.

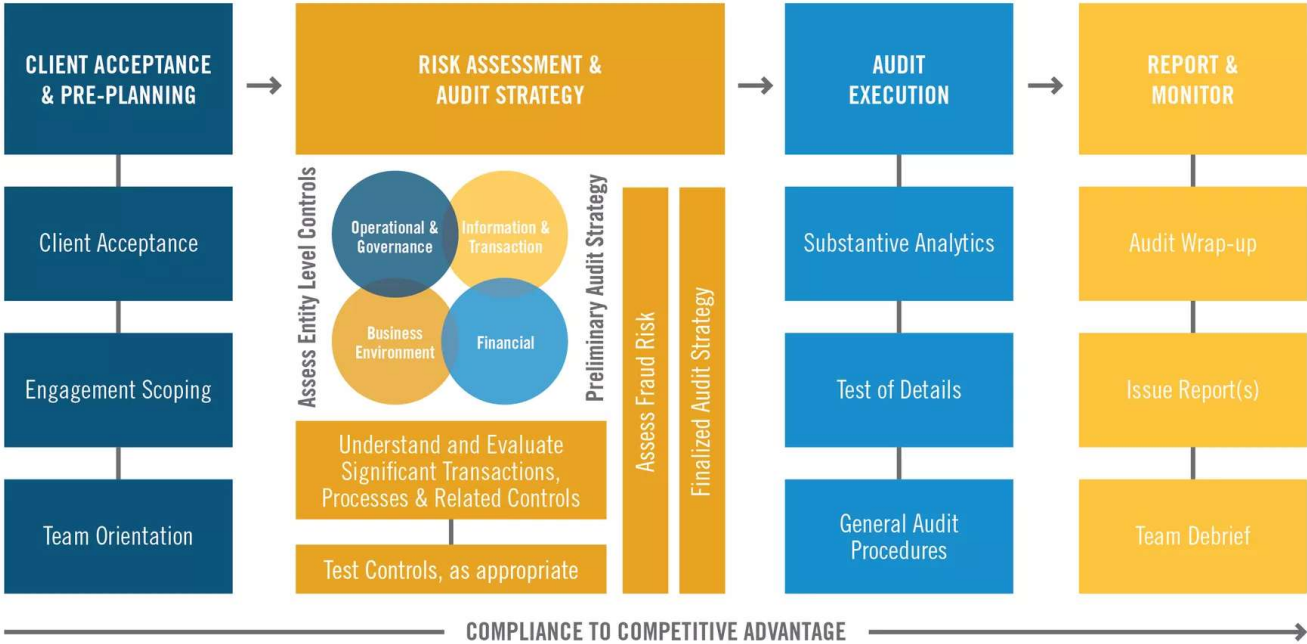

Consistent communication is a key to completion of the audit. By ensuring constant involvement, we are in a better position to respond to your issues timely and efficiently. Therefore, we plan to meet with your management to:

- Set-up the audit by reviewing the mapping of Landmark at Doral Community Development District’s financial information (financial statements and notes) to significant processes and IT systems to ensure that all significant account balances, transactions, procedures, and systems are tested as deemed necessary.
- Discuss ongoing changes—specifically new accounting pronouncements and key business transactions in their early stages, enabling us to agree on the resolution of various complex business issues on a timely basis.

CRI AUDIT APPROACH

Our audit approach is a four stage approach, as depicted in the summary below. Our client acceptance and risk assessment procedures occur during detailed conversations and observations with your team. The results of those procedures allow us to tailor an audit program to your specific risks and needs. We then execute the audit, report the results, and evaluate continuous improvement opportunities for ongoing service and benefit to you.

STAGE 1: CLIENT ACCEPTANCE & PRE-PLANNING

- Perform client acceptance procedures.
- Collaborate with management to agree to expectations and scope.
- Assign appropriate staff based on client needs and assessed risk.

STAGE 2: RISK ASSESSMENT & AUDIT STRATEGY

- Interview client personnel and others to understand client-specific objectives and risks.
- Assess following aspects of the organization for their impact on the audit plan:
 - environmental and other external risks,
 - management's fraud and IT risk assessment models,
 - entity level controls including:
 - control environment
 - risk assessment,
 - information and communication,
 - and monitoring controls.
 - IT General Computer (ITGC) controls, such as
 - IT Environment
 - Developing and Delivering IT, and
 - Operating and Monitoring IT.
- Determine materiality.
- Develop and document our understanding of and/or reliance on:
 - linkage of financial statements to:
 - significant transactions,
 - processes,
 - IT systems, and
 - related controls,
 - existence of/reliance on SOC entities and their reports,
 - internal audit, and
 - specialists (e.g. valuation, pension costs, etc.).
- If elected, test controls including ITGC, through a mix of:
 - inquiry,
 - observation
 - examination, and
 - re-performance.
- Perform preliminary analytical procedures.
- Finalize risk assessments and develop a final audit strategy.

STAGE 3: AUDIT EXECUTION

- Where possible to test as efficiently as possible:
 - develop detailed analytical procedures to use as substantive tests (benefit = reducing tests of details):
Examples include:
 - ratio analysis,
 - regression analysis,
 - trend analysis,
 - predictive tests, or
 - reasonableness test,
 - utilize Computer-Assisted Audit Techniques (CAATs) (benefit = automation of testing for more coverage and less disruption to the client), and
 - perform targeted testing (also known as "coverage" testing) to test large portions of account balances (benefit = more coverage with smaller selections).
- Perform tests of details, including sampling.
- Perform general audit procedures such as tests related to:
 - commitments and contingencies,
 - legal letters,
 - management representations,
 - reviews of Board minutes,
 - related party transactions,
 - debt covenants, and
 - going concern.
- Perform other tests for compliance such as Yellow Book or Single Audit tests.

STAGE 4: REPORT & MONITOR

- Continually monitor throughout the audit - providing feedback as agreed during scoping.
- Conclude the audit (i.e. issue opinions and reports).
- Develop and present:
 - reports,
 - required communications,
 - management letter comments, and
 - other audit-related deliverables.
- Perform debriefings to identify opportunities for improvement with our:
 - engagement team, and/or
 - client's team.
